

Katy Periodontics Hygiene Study Club

Presents

Current Concepts in Coronal Polishing

Speaker

Harold Henson, RDH, PhD

About Dr. Henson

Dr. Henson is an Associate Professor in the Department of Periodontics and Dental Hygiene, Interim Chair for the Department of Pediatric Dentistry and is Director for Center of Teaching and Learning at The University of Texas School of Dentistry at Houston. Prior to directing the Center for Teaching and Learning, he was Interim Associate Dean for Professional Development and Faculty Affairs, Interim Director of the Dental Hygiene Program and Director of Simulation. He has taught all levels of dental education: post-graduate, graduate and undergraduate.

Course Information

This program will inform attendees about:

- Discuss and describe the current type of polishing materials including those that provide a therapeutic benefit
- Discuss the various benefits of ergonomically designed corded and cordless handpieces
- Discuss and describe the various types of prophylaxis angles available in today's market
- Discuss and review the current CDC infection control guidelines for slow-speed handpiece sterilization.
