

Katy Periodontics Hygiene Study Club

Presents

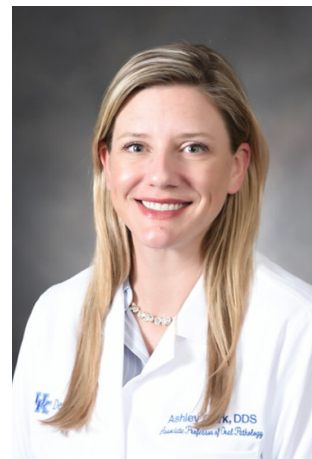

Red Lesions of the Oral Cavity

Speaker

Ashley Clark, DDS

About Dr. Clark

Dr. Ashley Clark is an Associate Professor in the Division of Oral Pathology at the University of Kentucky College of Dentistry. She previously worked at West Virginia University and University of Texas at Houston; while at UTSD, she earned a certificate in Health Education. Dr. Clark has earned the John H. Freeman Award for Faculty Teaching as well as the Dean's Excellence Award in the Scholarship of Teaching. She has published over 40 papers and abstracts, authored the oral pathology sections of both Dental Decks and Dental Hygiene Decks (2014 editions), and currently consults for a new national study guide designed for the integrated format of dental board examinations.

Course Information

This program will inform attendees about:

- Recognize common red lesions of the oral cavity
- Determine which lesions require biopsy
- Describe how to follow up with patients diagnosed with red lesions
- Discuss a variety of red lesions ranging from benign to malignant
